

STARTUP AND ENTREPRENEURSHIP DEVELOPMENT CELL

Formation of Start Up and entrepreneurship development Cell at PES Modern College of Pharmacy (for Ladies), Moshi, Pune was established with the aim to foster the culture of Research, Innovation and Entrepreneurship in the students and faculty members of the institution. Entrepreneurship is increasingly recognized as an important driver of economic growth of a country. Even Govt. of India has recognized the importance of entrepreneurship and has introduced programs like “**Make in India**” and “**Start-up India**”.

Functions of Entrepreneurship Development Cell

- To organize Entrepreneurship Awareness Camps, Guest lectures and Entrepreneurship Development Programmes in the region for the benefit of budding entrepreneurs.
- To carryout research work and survey for identifying entrepreneurial opportunities.
